Dinner and Award Presentations

Mark your calendar today and make plans to attend this great event to honor those who ensure the safety of New Hampshire's students. We've changed the date to a Saturday to make it more convenient for drivers & mechanics to attend. The evening will provide an opportunity to meet and network with colleagues and friends within the school transportation community.

RSVP TODAY

Safe Driver Recognition

The Association will present awards to recognize the outstanding efforts made by most of the state's 2,400+ school bus drivers who transport students to and from school safely each day. Collectively, these drivers travel more than 11 million miles each year on regular routes with additional miles for activity trips.

Awards will be presented to those drivers who have driven accident and conviction-free for at least five (5) years. Awards will be given in multiples of five year increments. Drivers must be nominated by their employer but need not have worked for the same transporter or school district for the entire period in order to qualify for an award. The enclosed form must be used to nominate all drivers.

Mechanic Recognition

The Association will also present awards to recognize the outstanding work done by all school bus mechanics. They are responsible for keeping more than 2,600 school buses operating safely and efficiently along their appointed routes.

Awards will be presented to those mechanics who have qualified based upon the results of the 2011 School Bus Inspection Program conducted by the New Hampshire Department of Safety, Division of Motor Vehicles.

New for This Year!

A variety of school bus suppliers and vendors have been invited to showcase their services and products for our industry.
