

# BECOME A SCHOOL BUS DRIVER!

## Why should you become a school bus driver?

- *Rewarding job*

School bus drivers can be a positive force in a child's life. Drivers care for the children they transport, greeting kids with a smile and keeping them safe during transport.

- *Flexible hours*

There are routes to fit your schedule. There are also non-route field trips & sport trips. Many different appealing options.

- *Attractive for retired persons*

A large percentage of drivers are retired, choosing to drive a route, become a monitor, or only driving school activities such as sport trips. Great job for retired coaches who can transport kids to games, get paid to watch the games and then transport them back!

- *Training is provided if you need it*

Some companies have vehicles that do not require a CDL (commercial driver's license). If you want to drive a large bus, training is provided for you.

- *Drivers are part of an active community*

Decorating school bus for town parades, shuttling townspeople for local events, and stuffing the bus during Christmas time.

- *Stay at home parents can save on daycare*

Many drivers are allowed to bring pre-school children with them saving money on daycare. Can count on holidays, school vacations, and school vacations being the same as your children.
